### High Intensity Color or White LED Fixture

Dimmable high color changing line voltage fixture available with a variety of options. The Boca SBL-Mix is a powerful instrument developed for large-coverage illumination. This line voltage fixture eliminates the need for secondary transformers, making installation contractor friendly. The SBL-Mix uses Boca's patented technology for RGB additive color mixing. The housing is clear anodized aluminum with a durable finish making it weather and abrasion resistant. The SBL-Mix is UL Listed for dry, damp, or wet location (model dependent).

### KEY FEATURES:

- Compact, variable light fixture for dry, damp or wet location use.
- Fixture comes in 1ft, 2ft and 4ft options.
- Many options in optics, color temperature and accessories to suit a range of projects. Call factory for additional options.
- Uses standard DMX 512 controls.
- 6 channel version available.
- Simple installation using conventional wiring.
- Contact Boca Flasher for tips with custom installations.
