

- L bracket or magnetic mounting makes installation easy.
- Vacancy/occupancy sensors ensure fixture is energy efficient. User can select either vacancy or occupancy on sensor.
- Sensor range of either 85° or 120°.
- Many options in color temperature to suit a range of projects.
- Available for temporary or permanent installation.
- Boca Flasher's patented CleanDim® technology ensures even dimming from 0-100%.
- Fixture comes with diffused lens standard. Call Boca Flasher for more options.
- Clean Light option allows temporary light output boost.
- Interior installations only.
- Maximum of 30 LED boards per power feed.
